Public Meeting to Discuss Sewer Lining Project for Western Segment of Michigan Ave West

[Duluth, MN] - The City of Duluth Public Works and Utilities department is hosting a public meeting to discuss a planned sewer lining project for this summer. City staff will review the project scope, timeline goals and provide an opportunity for participants to ask questions. The project will focus on the 3rd Ave West to 5th Ave West blocks of West Michigan Street in downtown Duluth. There are no road closures planned for this project but trucks will be positioned over manholes for workers to access the sewer system.

The meeting will take place on June 1, 2017 at 8:00 AM in Duluth City Hall (411 West First Street), Room 303.

Questions can be directed to Tom Pfeffer at (218) 730-5104.
